## SURRENDER TO NO ONE

The return of legendary vocalist Leather Leone brings back the CHASTAIN classic lineup that fans have been screaming for since her departure. This release finds the magic that brought metal fans classic albums such as "Ruler of the Wasteland," "The 7th of Never," "Mystery of Illusion," "The Voice of the Cult." and "For Those Who Dare." This release of 11 new songs should become an instant fan favorite with the usual CHASTAIN formula of intense vocals, superior guitar, pounding rhythms and innovative song writing. The street buzz, and prerelease press has been relentless. With the release of "Surrender To No One," CHASTAIN should once again join the Pantheon of Metal.
