

Pleaser – release

Pleaser was formed in March 2005 by Francis Lima (vocals), Toni Manito (guitar), Dani Kaminski (bass) and Glimm Xotter (drums). Pleaser has influences of classic Hard Rock bands like Van Halen, Mötley Crüe, Ratt and KISS. The band used to do covers in the early days, then felt the need to show your own sound and had positive feedback from the public. With intense shows and ordered the release of an own material, the band takes a break in 2012 to record his first album.

The album "One Night In Paradise" was recorded in the studio Hurricane in Porto Alegre by Uruguayan Sebastian Carsin. The album contains 10 tracks that demonstrate a unique style of the band. Shortly after completing the recording of the album, in August 2013 the band signed to American label Hitman Records Inc. to release the album in the U.S. and Canada on 01/20/2014.

In October/2013 the band recorded the music video for the track "Raise" which is available online.
