**Wishbone Ash - Blue Horizon**

After their last output "Elegant Stealth" two years ago, WISHBONE ASH are coming back with their new impressive studio-album. The latest masterpiece of the Classic Rock legends is titled "Blue Horizon" and will be released on 4<sup>th</sup> March 2014 by Solid Rockhouse Records.

"Blue Horizon" is the 24<sup>th</sup> studio-album of "The Ash", one of the most influential rockbands du jour and one of the first bands bringing in two lead-guitars. Artists like Thin Lizzy, Iron Maiden or Lynyrd

Skynyrd – all of whom are fabulous themselves –are calling WISHBONE ASH an inspiring example, if only because they never lost their drive in their 45 year band history.

Beside the well-known Line-Up Andy Powell (Guitar/Vox), Muddy Manninen (Guitar), Bob Skeat (Bass) and Joe Crabtree (Drums), „Blue Horizon“ features violinist Pat McManus (Mamas Boys) as a guest musician for two of the 10 tracks. Furthermore Andy Powell's Son Aynsley Powell contributes two titles as the author and another comes by former WISHBONE ASH guitarist Roger Filgate.

The legend's still alive – bubbling over with creativity and full of zest for action!
